Opportunities 2024 - 2025

Future Build Dates:
October 2024 - April 2025

Habitat Homeownership Program

Our Homeownership Program

Through our signature Homeownership Program, **Habitat for Humanity Las Vegas makes homeownership possible for low-to-moderate income families in our community.** Homeownership through Habitat Las Vegas is not a handout. Our homeowners must complete 300 hours of sweat equity, which consists of financial education classes, first time homeowner courses, home maintenance instruction and working on our construction site to help build their home.

Our Habitat Homes & Communities

With the help of our local leaders, our community partners, our kind donors, and generous sponsors, Habitat for Humanity Las Vegas has built 121 homes in Southern Nevada, and neighborhoods like The Pittman Community are shining examples of what they enable us to do.

Construction began on The Pittman Community project in 2017 and it's the largest build for Habitat for Humanity Las Vegas to date. We're in Phase II of the community build now and we still need partners to help us build the remaining homes. We want to increase our current output of two homes a year, and with your support, we can elevate our goals and improve our impact on Las Vegas.

Our Partners in Home

With your partnership and support, more families will have access and opportunity to reach their dream of homeownership. Habitat Las Vegas welcomes the opportunity to customize a sponsorship package to best meet your needs. Your tax deductible contribution to Habitat Las Vegas is an investment in families, our community, and future.

We could not achieve our mission without the help and generosity of community partners like you.

Thank you for choosing to lay the foundation for our next Habitat Homeowners. Together, we can build more hope, homes, and communities!

Pittman Community

Phase I & Phase II

Single Family Attached Homes | Henderson, NV
